

# VETERINARY MEDICINE Video Library

A collection of instructional videos on a wide variety of topics. Videos can be utilized during lectures and laboratories, or provided to students as independent homework assignments.

# Accelerate Student Learning

The Video Library consists of a rich collection of over 45 instructional videos across various veterinary topics. From “Feline Handling Skills,” to “Assembling an Instrument Tray,” these videos can be utilized throughout your curriculum, within lectures or during laboratories. This collection can also be leveraged and provided to students as independent homework assignments.

## What's Included

With an approximate contact time of over 150 minutes, the Video Library consists of over 45 videos ranging across the following topics:

- Small Animal Bandaging
- Medical Procedures
- Physical Exam
- Surgical Preparation
- Surgical Procedures
- Clinical Skills
- Internal Medicine
- Parasitology
- Cardiology

## Delivery

Web-based HTML5 content streams directly to learners via password protected learning management system. Runs on PC, MAC, and tablet-devices.

## Audience

Suitable for veterinary students at any level of study.

# How to Access this Content

1

## Fill out our Contact Form

If you are interested in accessing any of the Center for Educational Technologies' educational resources, please fill out the form at [www.tamucet.org/contact](http://www.tamucet.org/contact).

2

## Connect with our Team

After receiving your information through the Contact Form, a member of the Center for Educational Technologies team will connect with you to provide more information and give you access to a demo of the requested resources.

Facts About our Educational Resources:

- Educational Resources are available for license via a 12-month subscription license agreement for an unlimited number of faculty and students.
- All resources are web-based, managed through the Center for Educational Technologies' learning management system, and accessible across multiple devices. No download necessary!

3

## License Agreements and Payments

At the end of the demo period, a license agreement would be signed by both institutions and payment would be submitted.

FAQs About License Agreements and Payments:

**Q:** What is a subscription license agreement?

**A:** A legal agreement between two parties to access learning modules that Texas A&M owns the intellectual property to. All learning modules are licensed for a set fee as outlined on the [tamucet.org](http://tamucet.org) website.

**Q:** How long is a subscription license agreement?

**A:** License agreements are for 12-months.

**Q:** How do I renew a subscription license agreement?

**A:** Annual renewal reminders are emailed to licensees prior to the license agreement termination date. Licensees may also request renewals via email to the Center for Educational Technologies at [cet@cvm.tamu.edu](mailto:cet@cvm.tamu.edu)

**Q:** What happens if I choose to terminate my subscription license agreement prior to the end of the 12-month period?

**A:** A thirty (30) days written notice prior to the end of the then-current term of its intent not to renew is required.

4

## Set-up and Support

The Center for Educational Technologies will set up your unique institution URL with your custom branding and trademark. Login credentials and account setup instructions will be provided for your students and faculty. HelpDesk Support will be provided for the length of the license agreement

5

## Login and Begin Learning!
